

## Our Specialities

### Superfast

4 – 12 weeks results vs. 4 – 9 months or more with traditional SEO competitors

### Exclusive

Single client per vertical to maintain exclusivity and avoid conflict of interests

### Risk-free

No worries about invoices or payments until you're in the first page of Google

### Affordable

**Our fee starts at \$650** monthly per page based on keyword complexity

## ACTIVE CLIENTS \*

\* The keyword rank results displayed in this image are specific to the stipulated time period we worked on them.

## Our Unique Traffic Boost Methodology

Rainmaker.uno has figured out an impactful, swift, and reliable tactic to increase the organic traffic to the service and product pages on your website in 4 – 12 weeks. We integrate Artificial Intelligence (AI), human expertise, and SEO best practices to identify the exact content that counts for your business.

## Keyword Competitiveness Factor (KCF)

KCF is a 100-point scale which gives an estimation of how difficult it is to rank #1 on Google organic search results for a particular keyword depending on the current rank, quality of website, search volume, trends, and competitor sites.

## Industry's Very First Exclusive Partnership Model

We only work with one client per industry per location to maintain our clients' competitiveness.
